

HOW TO GET YOUR 2020 SALMON FISHERY DESIGNATION

The NunatuKavut Community Council (NCC) has finalized details of our 2020 communal fishery license. Salmon designations are available in all areas starting Thursday, June 25. Salmon season dates are below:

Upper Lake Melville

June 15 – July 8, 2020 and July 20 – September 1, 2020

Southern Labrador

July 1 – August 9, 2020

NCC will be following provincial COVID-19 public health directives to ensure the safety of our members and staff, which includes limited access to our office buildings. This may result in additional wait times for designation pick-up. We ask for your patience as we operate under these restrictions.

Please note that there is only one fishing designation permitted per household. This includes designations from other Indigenous groups and the Department of Fisheries and Oceans.

DISTRIBUTION PROCESS

Members can pick up designations at our local offices in Happy Valley-Goose Bay, Cartwright and Port Hope Simpson. You can also call ahead to have your designation completed over the phone. NCC staff will explain any new conditions of the license and provide you with a pick-up time. In Labrador West, staff will only be available to complete designations by phone. Please note that Non-Resident designations will only be issued in-person at NCC offices in our designated fishing areas. All contacts are listed below.

Office	Contact	Phone #	Email
Happy Valley-Goose Bay (200 Kelland Drive)	Margie Clarke	709-899-1979	mclarke@nunatukavut.ca
	Charlene Kippenhuck	709-897-4802	ckippenhuck@nunatukavut.ca
Cartwright	Samantha Rumbolt	709-938-7333	srumbolt@nunatukavut.ca
Port Hope Simpson	Irene Parr	709-960-0420	iparr@nunatukavut.ca
Labrador West	Kelly Broomfield	709-280-5965	communications@nunatukavut.ca
	Sherry Penney	709-280-3061	executive.asc@nunatukavut.ca

Please bring your membership card for your pick-up as it is required before designation packages can be issued. We respectfully ask that you wear a mask for your appointment. Members are asked to have the following information ready when you call:

- Up-to-date membership card
- Contact information (mailing address, street address, phone number and email address)
- Alternate fisher name with their membership number and phone number, if applicable
- Number of tags being requested
- Fishing location

As in previous years, NCC staff will be scheduled to visit various NunatuKavut communities to distribute salmon designations. Dates will be announced soon.
