

GREEN TEAM POSITIONS

In partnership with

NunatuKavut Community Council

(Location: St. Lewis and Black Tickle)

Position Title: Environmental Steward

Project Title: **Building Energy Capacity in NunatuKavut**

PROJECT DESCRIPTION: This Green Team will work with local experts to help build capacity within the energy sustainability sector and to support the implementation of several major energy security initiatives in NunatuKavut Inuit communities. The team will contribute to 2 major projects; the Home Energy Repair Program [HERP] and the High Efficiency Wood Stoves [HEWS] project. The team will contribute to the HEWS program by completing energy audits to support energy efficiency retrofits. Through the HEWS project selected households will be subject to a WETT (wood energy technical training) home inspection, followed by the installation of a high-efficiency free-standing catalytic wood stove. Green Teamers will undergo an 80-hour energy auditor trainee program hosted virtually by Bluehouse Energy. Green Teamers will assist in program recruitment, processing applications and evaluations, coordinating contractor logistics and providing on-the-ground support for the energy security programs. Other duties will also be carried out as required. Successful applicants will be required to participate in Occupational Health and Safety (OH&S) training to follow all OH&S regulations and policies of CCNL and NCC.
